Discussion Item

AAC – 3 HHS Research: Advancing Basic and Applied Science for the Greater Good

Background Information

HHS Interim Dean Demo and Associate Dean for Research Esther Leerkes will provide an overview of the types of research conducted by faculty in the School of HHS and the real-world implications of this research for students, professionals, and communities. They will illustrate the robustness of external funding for research in HHS and share deliberate strategies HHS employs to nurture faculty and student research.

AAC – 3.1 HHS Research: Advancing Basic and Applied Science for the Greater Good Presentation

A handwritten signature in black ink, appearing to read 'Dana Dunn', written over a horizontal line.
