E

EMPOWER

ENGAGE

Maintain relationships with currently engaged students and reach out to those who are not. Engaging meaningfully with one another within Senate.

Increase student awareness of the function of SGA and the capacities that lie therein by increasing exposure through purposeful programming

Connect students with campus resources and educate them on policies and procedures that directly impact their student experience at UNCG.

EDUCATE

EMPOWER

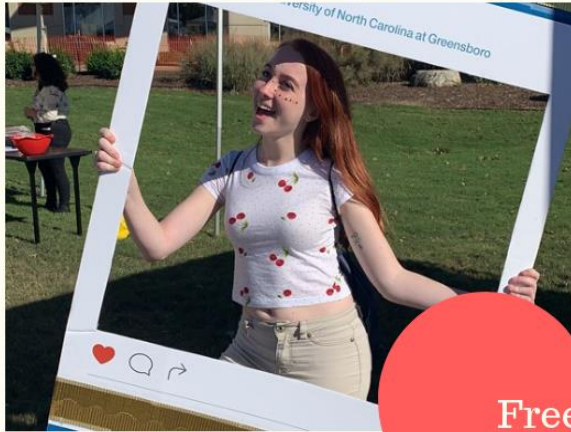

Give students the platform to author their individual Spartan experience.
Provide avenues for students to be their authentic selves while participating in a diverse community. Foster a holistic learning experience for all Spartans.

Student Government Association (SGA)

CONTACT

SGA infuses participation in University governance, community, and addresses student concerns. It relies totally on the input of active students who exercise their right to participate in the functions and meetings of SGA. Student government meets weekly on Tuesdays at 7:00 p.m. Student government meetings provide a great opportunity to meet representatives from other student organizations as well as class delegates. Student Government is composed of a system of checks and balances consisting of Executive, Legislative, and Judicial branches. SGA is also responsible for providing services to the University community as well as funding for various clubs and organizations.
