

**Compliance, Audit, Risk Management and Legal Affairs Committee
November 27, 2018**

Discussion Item

CARL – 6 Public Records Presentation

Background Information

The purpose of this presentation is to familiarize Committee members with their obligations under the North Carolina Public Records Law and update them on new 2018 Guidance issued by Governor Cooper related to public records. Our desire is to minimize reputational and legal risk to the University, the Board, and its members under the Public Records law by making sure members are educated about the law and aware of the University's commitment to compliance and transparency in this area.
