BOT-1 Bryan School of Business and Economics - 50th Anniversary

Background Information

While commercial and business courses have long been a fundamental educational building block of this institution since its opening in 1892, it was not until 1969 that the [Bryan School of Business and Economics](#) was officially established at UNC Greensboro as a way to further meet the growing business needs of students and the community.

Dean Macrae Banks will give an overview of the history of the Bryan School and its success over the past 50 years as a leader in providing exceptional business education with a constant commitment to producing tenacious and team-oriented graduates sought by employers.
