ATH – 1      Student-Athlete Guest Speaker: Tara Bettle

Tara Bettle, Women's Golf student-athlete, was one of the Southern Conference student-athletes selected to attend the 2021 NCAA Student-Athlete Leadership Forum on November 18-21 in Houston, Texas. Created in 1997, the Forum has served as a life-changing experience for more than 5,000 student-athletes who have grown personally and professionally as a result of their attendance. Student-athletes selected to attend the forum return to campus with invaluable leadership skills, a refined understanding of the relationship among personal values, core beliefs, and behavioral styles; and the support of a close personal network of like-minded peers to provide continued connection and dialogue after the program concludes. This best-in-class programming experience serves as a transformational opportunity for student-athletes and administrators to build a leadership toolkit and develop vital self-awareness that allows them to realize their potential.

Ms. Bettle will share her experiences from the Leadership Forum, discuss her experience at UNCG, and share her plans for the future after exhausting all of her eligibility.
