ATH – 3      Update on Cross Country/Track Head Coach Search      Bostian

The Cross Country/Track Head Coach Search has gone well with a diverse, qualified pool of candidates. Athletics narrowed the pool down to eight and conducted preliminary Zoom interviews with those candidates. Of those, four were selected for in-person interviews from November 1st through November 15th. These candidates met individuals within Athletics, four current Cross Country/Track student-athletes, a Cross Country/Track alumnus, and the University General Counsel. Athletics is finalizing review of the candidates to select a finalist. The goal is to name the Head Coach prior to student-athletes' departure for Winter Break, with a start date in early January.
